### JOB DESCRIPTION:

We currently have an opportunity for a Quality Assurance Engineer at our headquarters in Wilmington, DE to deliver Quality Assurance services for CSC internal and external applications & products. The Quality Assurance Engineer will analyze functional specifications and other relevant artifacts necessary to design and execute tests to verify all project requirements by using automated functional/load testing tools to create and maintain scripts for test reuse and regression. The Quality Assurance Engineer will also execute manual and automated test scripts using test management software to verify project requirement fulfillment. In addition, the candidate will assist business units in execution and troubleshooting of automated tests and defining and executing acceptance testing processes.

### Required Skills:

- Bachelor's degree in Computer Science/Electrical Engineering/Information Systems or related discipline or equivalent job experience and a minimum of five years quality assurance experience.
- Knowledge and expertise in automated testing products and web technologies.
- Experience testing in the Java/WebLogic environment.
- Exceptional verbal and written communication skills, with the ability to communicate effectively with technical and non-technical senior management and line staff.

### Preferred Skills:

- Demonstrated experience with HP testing software, including QuickTest Professional and LoadRunner.
- Use of SOAP/UI or other automated WebService testing software.
- Knowledge of corporate legal services industry, including corporate records management and order entry systems.
- Experience testing in Cold Fusion.
- Experience working with Scrum or Agile development methodologies.

### What can we offer you?????

- A challenging and rewarding career!
- A supportive, growth-oriented environment that wants your ideas on how to succeed and improve!
- Annual bonus program recognizing individual performance
- Profit Sharing Plan
- An important role within our organization that is event-centered, not task oriented!
- Excellent benefits for you and your family! - 401(k) with employer match  
Medical/Dental/Life insurance--Spouse and dependent life – 18 paid days off accrued in first year - 7 paid holidays – Tuition Reimbursement – AND MORE!
