

## **Java/J2EE Developer**

### **ABOUT US:**

**Corporation Service Company**, a privately-held company headquartered in Wilmington, DE, serves as a leading provider of legal and financial services for the world's largest companies. CSC has tens of thousands of customers around the world. In the U.S., over two-thirds of the Fortune 500 are CSC customers as well as 100,000 small business owners.

### **JOB DESCRIPTION:**

We currently have an opening for a Java Developer in our corporate headquarters in Wilmington, DE. This person will work closely with various development teams in order to guide the design and architecture of applications using J2EE Service-Oriented technology. In addition, the person in this position will leverage Agile/Scrum techniques in the creation of artifacts and code that can be reused throughout CSC's IT department.

### **THE IDEAL CANDIDATE WILL OFFER US....**

- Bachelors degree in Computer Science/Electrical Engineering/Information Systems or related discipline or equivalent job experience and three + years experience developing large-scale applications.
- Three + years of Java J2EE development experience.
- Experience creating Web Services that have been used in mission-critical production settings.
- Exceptional verbal and written communication skills, with the ability to communicate effectively with technical and non-technical management and line staff.
- Experience using Scrum is preferred.

### **WHAT CAN WE OFFER YOU??????**

- A supportive environment where management values technology as a way to achieve company growth
- The opportunity to use cutting edge technologies to build client-facing applications.
- Annual bonus recognizing individual performance.
- Profit sharing plan.
- Excellent benefits for you and your family! - 401(k) with employer match - Medical/Dental/Life insurance--Spouse and dependent life - 18 paid days off accrued in first year - 7 paid holidays - Tuition Reimbursement - AND MORE!
